## It's Ugly Sweater Season Again!

Our merchandisers will make anything look good!

Any one of our Grab-N-Go Merchandisers would look amazing in your store, but they aren't the best thing to put on a sweater. Durable solid surface panel construction will look new for years. The individual lighted shelves will highlight the product inside, and the interior can be stainless steel or powder coated to your liking. While all of these features translate to a fantastic merchandiser, it's hardly the type of thing you want featured on your holiday sweater.....or is it the perfect thing???

Happy holidays and have a great New Year from all of us at Piper!
