

the Piper Focus

Check out our full range of conveyors!

From PVC Roller to Motorized Fabric-Belt

All conveyors are not the same. Each has its own benefits. Some are heavy duty and perfect for wet or dry operations, while others are better suited for dry areas only. Some models are designed for specific trays, while others will handle multiple sizes. Whatever your needs are, Piper has the conveyor for your situation. Call a Piper Sales Representative today to configure the best conveyor for your application.

Roller Conveyors

- Available in 10' through 20' lengths
- PVC Rollers Standard
- Stainless Steel Rollers Available
- Heavy-Duty for Wet or Dry Applications

Skate Wheel Conveyors

- Available in 3' through 20' lengths
- 2" Diameter Nylon Skate Wheels
- For Use with Flat-Bottom Trays
- Can be mounted on Elite Serving Equipment
- Also Available Cantilever Style

Motorized Fabric Belt - Variable Speed

- Available in 8' through 20' lengths
- For Straight Runs in Dry Environments
- Auto-Stop at Unload End for Operator Safety

Electrical Raceways are available for each conveyor as well, with factory-wired circuit breakers and receptacles for your tray make-up and clean-up operations.
