

the Piper Focus

Choose from our Solid Selection of Slides

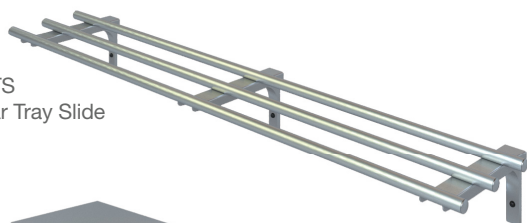

Elite and Reflections Tray Slide Options

Piper's Elite and Reflections Cafeteria and Buffet lineup equipment offers a multitude of options to create the look you want in your dining area. Among these options are tray slides and cutting boards. They are available in multiple styles, from the simple 3-bar tray slide to the attractive solid surface slide with inlaid stainless steel ribs. All of our tray slides are mounted on heavy-duty drop-down brackets, and can be installed at any height. For a custom look, they can be mitered on either end. Check out www.piperproducts.com for more information on all of our Elite and Reflections Options.
