

# the Piper Focus

## Beer Here!

Our Stowaway Bar is now available with a full-length cooler option

The Piper Stowaway Cooler is the latest offering in the Stowaway series of portable bars. The stainless steel ice bin runs the entire length of the unit to maximize the amount of chilled refreshments available. A drain is included for easy cleaning at the end of the event. Like our standard Stowaway, the bottom shelf is stainless steel and sits on 5" heavy-duty casters. When not in use, the entire unit folds up and stores upright in an area less than 2ft<sup>2</sup>. Best yet, it's made right here in the USA. Everybody here at Piper is proud to produce some of the finest Food-Focused Equipment in America. Come see all of our other Made-in-the-USA products at [piperproducts.com](http://piperproducts.com).
