

the Piper Focus

5ft Dual-Zone Merchandiser

The Piper Dual-Zone Merchandisers give you the ultimate freedom to display a variety of foods at different temperatures simultaneously. The bottom is a self-contained air-over display case with automatic defrost. The top can be ordered as Hot, Cold or Ambient. A 2" thick insulated panel provides a thermal break between the areas to ensure temperature accuracy. Furthermore, the end panels can be removed so multiple units can be connected for one continuous display. The Dual-Zone Merchandiser is just another product showcasing the infinite possibilities Piper has to offer.
