

Classic Style Protector Guards

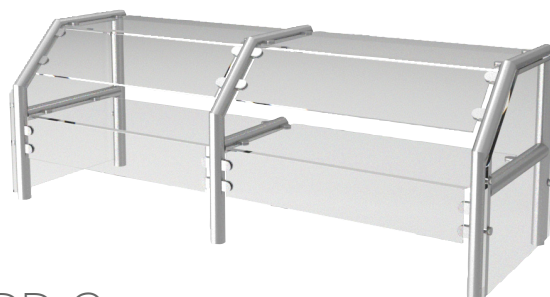

Attractive Options for Food Service Operations

Our Classic Style Protector Guards are available in many styles and sizes. They can be installed anywhere including our Elite and Reflections serving equipment, or on custom millwork over drop-in wells and solid tops. They enhance the appearance of your lineup with 1-5/8" diameter stainless steel, fully-welded framework. Tempered glass is standard. A variety of light styles are available to brighten up the space, including fluorescent, LED, and Heat-and-Light strips. All models are meticulously designed to meet NSF requirements.

CPG-C

The CPG-C is an attractive protector guard option for full-service cafeteria operations.

CDD-C

The CDD-C is our classic-style double display for use with single-sided buffet or cafe lines. For double-sided buffet lines, order the BDD-C.

BPG-1C

The single-sided, classic style buffet protector guard is perfect for self-service lines, but is also appropriate in full-service operations.

BPG-C

Piper's BPG-C is the perfect solution for your double-sided buffet lineups. Shown with incandescent light strip option.
