

the Piper Focus

Mobile Merchandisers: made to move

with multiple styles to make the most of your space

4' Refrigerated Low-Back
with optional lighted shelf

Custom 3'x 3' Refrigerated Merchandiser

Impulse buyers beware! The refrigerated mobile merchandisers by Piper make all prepackaged deli items, sandwiches, salads and soft drinks all too appealing. They are self-contained units using standard 120 volt power with a six foot cord, so they can be placed in the most advantageous locations, and easily relocated when necessary. The bottom wire racks adjust to multiple angles for the best product viewing, and can be lit overhead with an optional adjustable, lighted top shelf. They come in 2, 4 and 6 foot lengths, and in hi or lo-profiles to fit your needs, but custom designs are also available. The 3' x 3' model shown above was designed as a stainless steel, stand-alone island merchandiser. No matter which model you choose, your impulse and add-on sales are sure to increase when you display product in our attractive mobile merchandisers. Call Piper today, or visit rdfixtures.com for more information on our full line of food-focused equipment.
