

the Piper Focus

Chicken and Soup Island Merchandiser

The perfect combo for the start of soup season!

This clever combo merchandiser has a chicken warmer on one side, and a soup counter on the other. It is built using metal frame construction and clad with Rigid PVC Composite panels. The interior of the chicken merchandiser contains three stainless steel shelves with overhead heat and lights and a heated deck. The soup counter is coordinated with three soup warmers and a quartz countertop. A black powder coated canopy with LED lights completes the ensemble. Contact Piper today to place your order, and start your soup season with a great new merchandiser!
