

the Piper Focus

Here's the story of a lovely slicer...

Fine Cut

Coarse Cut

Shaving Cut

French Fries

The Bladey Bunch

Cubes

Waffles

Allumettes

Shredding Disc

Even Alice would have been thrilled to have been able to feed the bunch with a groovy Anliker Slicer from Piper. With over 17 different style cuts available, you'll be hard-pressed to find a more universal slicing system. From Juliennes to Cubes to Brunoises, this thing can slice all day. The blades are fabricated from anti-microbial active material and the cutting discs are made from glass fibre composite material which prevents the discs from oxidizing and warping. Both features are industry firsts and are HACCP friendly. Additionally, the four-step hand-ground blade edge minimizes cell damage of product and **maximizes juice, vitamin and nutrient retention**. It's swell! Check out the entire list of available blades at www.piperproducts.com and make Carol, Mike and Alice proud!
